EXCELLIA Tequila Grand Cru

Excellia is a 100% pure agave tequila, hand-crafted according to authentic tradition in the region of Los Altos.

Its double ageing in Sauternes casks and Cognac barrels gives it a unique character. The young wood of the Sauternes casks rapidly grants elegant, sweet and fruity notes on the tequila, while its ageing in Cognac barrels – already used for over twenty years to hold renowned Cognacs – slowly releases their rich and complex aromas.

When they are mature, both types of tequila are blended to create the Excellia range, bringing elegance and sophistication to the category.

Excellia Tequila Blanco

Aged only a few weeks, Excellia Blanco reveals spicy notes of vanilla, fruits and leathers, worthy of mature tequilas – yet without losing the classic focus and strength of the Blanco category.

Excellia Tequila Reposado

The nine months of ageing provides a round and extensive mouthfeel with rich honey, cigar-box, and caramelized-agave notes mixed with subtle rancio and orchard fruits.

Excellia Tequila Añejo

Aged in average eighteen months, Excellia Añejo delivers dessert wine aromas mingled with evolving notes of rancio, baked spices and herbs, leather and sandalwood.

Proof: 40°

Packing: 6-bottle case
